

Purifier Water System (RO / UF / Softener / Demin)

Purifier Water System (RO / UF / Softener / Demin)

1	PE tank and dosing pump (chlorine feed system)	13	Ozone
2	Raw water/tap water storage tank	14	Product / Permeate water storage tank
3	Water pump	15	Sediment cartridge filter
4	Pressure tank control system	16	UV Sterilizer
5	Filter tank (Anthracite / Sand)	17	Filling water
6	Filter tank (Manganese/Birm)	18	Filling water
7	UF filter unit	19	PE tank and dosing pump (HCl Regeneration Demin system)
8	Filter tank (Activated carbon)	20	Filter tank (Strong acid cation exchange resin) /Demin System
9	Brine tank (NaCl regeneration : softener unit)	21	PE tank and dosing pump (NaOH Regeneration Demin system)
10	Filter tank (Strong acid cation exchange resin) /Softener System	22	Filter tank (Strong based anion exchange resin) /Demin System
11	PE tank and dosing pump (Anti scale feed system / Anti Bacteria feed system)	23	Filter tank (Mixbed ion exchange resin) /Demin System
12	RO filter unit
